"The most merciless enemy I had for 20 years," declares Mrs. James Duncan, of Haynesville, Me., "was dyspepsia. I suffered intensely after eating or drinking and could scarcely sleep. After many remedies had failed and several doctors gave me up, I tried Electric Bitters, which cured me completely. Now I can eat anything. I am 70 years old and am overjoyed to get my health and strength back again." For indigestion, loss of appetite, kidney trouble, lame back, female complaints, it's unequalled. The first dedication of any public school in Morgan county was held Saturday at the Ben Murphy schoolhouse. The opening speech was delivered by J. P. Wheeler, of West Liberty, followed by George Goad, of Oklahoma. Both were classical addresses. The recitations, dialogues and singing were well performed by the scholars under Prof. Kelly Wheeler's instructions. At intervals some excellent instrumental and vocal selections were rendered by Misses Nancy and Sarah Sample, of Hazel Green, and some old-time violin solos by Uncle Hiram Greer, of Ezel. The whole concluded with a laughable sketch entitled "A Jack for every Jill." After the dinner was spread and eaten the immense crowd witnessed a ball game between the Hazel Green and Murphy Fork clubs, which resulted in a victory for the Murphy Fork boys by a score of 11 to 5. The box supper came off at night, which was pronounced a success. Beautiful maidens from everywhere came with boxes of delicious eatables, which sold like hot cakes. The highest box brought \$3.30. Twenty-four boxes brought \$21.40. All went home happy, feeling that they had been to a grand entertainment.

Many mothers are never without it in their homes and it has never disappointed them. Sold by all dealers.

### Kentucky's Debt.

The report comes from Frankfort that the outstanding warrants in Kentucky amount to \$918,616 and the deficit in the general expenses fund amounts to \$388,167, so that the total indebtedness of the state November 1 amounts to \$1,306,784. There is \$292,589 in the treasury, however, as there remains in the sinking fund \$136,726 and in the school fund \$544,029.88.

The large debt owed by the state will in a measure be reduced the first of the year, as the settlements with the sheriffs of the 119 counties in the state will be made between December 1 and the first of the year.

The large indebtedness of the state will doubtless prevent the legislature from making many large appropriations during its session the first of the year.

### A Song of the Times.

My country, beautiful land! I'll sing, if you will stand, a song to thee. My harp is rather coarse, my voice is somewhat hoarse, yet will I try to force some melody. Fair land that gave me birth, gem of the whole blamed earth, hark to my creed. Tell me, Oh tell me why, prices have soared so high, that man can scarcely buy things that he needs. Things that a man must eat—lemons and prunes and meat—cost like Sam Hili; carpets and rugs and mats, neckties and shoes and hats, shirting to hide his slats, empty his till. All through the week I work, like an unlaundried Turk, for a few bucks; no odds how hard I try, of wealth I'm always shy, and when I travel I ride on trucks. They say that half a plunk bought more junk in the old days, than will two bones or more in the big modern store since prices learned to soar, five hundred ways. My country hear my word! You are a humming bird, also a peach! Splendid in peace and war, thou most effulgent star—tell me why prices are clear out of sight—Ex.

When a cold becomes settled in the system, it will take several days' treatment to cure it, and the best remedy to use is Chamberlain's Cough Remedy. It will cure quicker than any other, and also leaves the system in a natural and healthy condition. Sold by all dealers.

### Correct Speaking and Writing.

Young people should acquire the habit of correct speaking and writing, and abandon as early as possible any use of slang words and phrases. The longer you put this off, the more difficult the acquirement of correct language will be; and if the golden age of youth, the proper season for the acquisition of language, be passed in its abuse, the unfortunate victim will most probably be doomed to talk slang for life. You have merely to use the language which you read, instead of the slang you hear, to form a taste in agreement with the best speakers and poets in the country.

### A Scalded Boy's Shrieks

horrified his grandmother, Mrs. Maria Taylor, of Nebo, Ky., who writes that, when all thought he would die, Bucklen's Arnica Salve wholly cured him. Infalible for burns, scalds, cuts, corns, wounds, bruises. Cures fever-sores, boils, skin eruptions, chilblains, chapped hands. Soon routs piles. 25c at all dealers.

### Postal Cards.

On the face of a postal card or a post card, divided by a vertical line placed approximately one-third of the distance from the end of the card, the space to the left of the line is to be used for the message, but the space to the right is for the address only. If any part of the message is written in the space for the address it will require 2c postage. If the required postage of 2c is not placed on same before mailing, it will be held for postage and the addressee notified.

The old, old story, told times without number, and repeated over and over again for the last 36 years, but it is always a welcome story to those in search of health—There is nothing in the world that cures cough and colds as quickly as Chamberlain's Cough Remedy. Sold by all dealers.

### Appreciates the Editor.

Here is a minister who appreciates the editor. At a recent editorial convention he offered the following toast: "To save an editor from starvation, take his paper and pay for it promptly. To save him from bankruptcy, advertise in his paper liberally. To save him from despair, send him every item of news of which you can get hold. To save him from profanity, write your correspondence plainly on one side of the sheet and send it in as early as possible. To save him from mistakes, bury him. Dead people are the only ones who never make mistakes."

Some one has truthfully said that nothing but a mint can make money without advertising. It might be added that the mint couldn't do it if it didn't put its competitors in jail.
